

Have your say on Future and Emerging Technologies and MATHEMATICS in Horizon 2020

Have your say on Future and Emerging Technologies and mathematics in Horizon 2020

Which emerging fields of technological research should the EU be investing in? What novel areas of science, mathematics and technology would benefit from deeper exploration? Share your views by April 30th and help us identify where to focus our future work in Horizon 2020 – the EU's research and innovation framework programme.
